Report of Principal and School Improvement Council

During 2012-13, students, staff, and parents at Hannah-Pamplico Elementary Middle focused on student achievement, professional development, and parental involvement.

HPEM received the Palmetto Silver Award for General Performance for its 2012 Report Card ratings: the elementary grades maintained an Absolute rating of Average and a Growth rating of Good and the middle grades improved to Average in both the Absolute and Growth ratings. A preliminary comparison of HPEM's 2011-2012 PASS data to 2012-2013 PASS data shows consistency in the elementary grades. Third and fourth grades maintained previous performance levels with minimal improvement in ELA and math. There was a slight drop in science scores in both grades, but there was a marked improvement in social studies, with an increase in the number of students achieving Met in fourth grade and a 10% increase in the number achieving Exemplary in grade 3. In fifth grade, there was minimal improvement in the number of students meeting proficiency in science. The middle grades as a whole showed improvement over last year. Sixth grade showed improvement in all areas tested, with at least a 15% improvement in the students meeting proficiency in ELA, math, and science. Students who participated in single-gender classes in sixth grade out-performed their co-ed counterparts in all subjects. In seventh grade, the number meeting standard in science increased by 7% and in social studies by 4% with slight increases in those scoring Exemplary. Eighth grade showed significant growth across all tested areas in number of students meeting proficiency, with a 17% increase in ELA, a 26% increase in math, a 12% increase in science, and a 15% increase in social studies.

This year HPEM continued to focus on improving student achievement levels using inquiry-based instruction, Thinking Maps, Measures of Academic Progress testing; one-to-one computing using iPods/iPads; single-gender grouping; Soar to Success, Classworks, student goal-setting, and SRA. Professional development focused on data analysis, Common Core Standards implementation, and technology integration. The sixth-eighth grade ELA teachers participated in the first year of a writing grant through the Upstate Writing Project and the National Writing Project.

Our faculty, students, and parents have made significant accomplishments this year. Faculty members continued their educations and attained advanced degrees. Four eighth graders were named SC Junior Scholars and an eighth grader won the Pee Dee Regional Spelling Bee at Francis Marion University and participated in the National Spelling Bee in Washington, D.C. Our eighth graders participated in Advanced Placement courses and B-Teams sports. All students participated in our fine arts program, including holiday productions and a Broadway, Jr., production of Annie, Jr. Some of our students participated in Special Olympics. Our elementary students continued to break their own records by passing Accelerated Reader book tests. Students and staff participated in community service activities that benefited the American Heart Association and the Humane Society. Parents, grandparents, and community members actively participated in Grandparents' Day, Field Day, Month of the Young Adolescent, Pastries for Parents, etc.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child’s district or school.

Overall Weighted Points Total	83.4
Overall Grade Conversion	B

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state’s expectations.
80-89.9	B	Performance exceeds the state’s expectations.
70-79.9	C	Performance meets the state’s expectations.
60-69.9	D	Performance does not meet the state’s expectations.
Less than 60	F	Performance is substantially below the state’s expectations

Accountability Indicator for Title I Schools

Hannah-Pamplico Elementary/Middle School school has been designated as a:

- Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- Title I Priority School – one of the 5% lowest performing Title I schools.
- Title I School – does not qualify as Reward, Focus or Priority School.
- Non-Title I School – therefore the designations above are not applicable.
